

***Pishgaman Fanandish** Tehran Co.*

June 2025

Pishgaman Fanandish Co.

Fundamental philosophy:

Helping Industries in their **development and maintenance** work by offering the best Technical Services.

About Us:

Starting its business in 1994, Pishgaman Fanandish Co. is one of the pioneers in the **field of development of industrial plants**. Activities include **Engineering, Procurement, Manufacturing, Erection, Operation, Repair and maintenance**. Various industries include **Oil, Gas and Petrochemical plants, Power plants, Transportation, Steel, Agriculture, Automotive industries, Mega buildings, Renewable energy and Internet of things (IOT)**.

Mission:

To improve corporate credits through the creation and development of sustainable values for customers, employees and shareholders by providing technical and engineering services for industry owners.

Strategies:

- Developing technical and expert knowledge.
- Proposing competitive prices.
- Extending the partnership network.
- Establishing the commitment culture and organizing management teams.

Board of Directors:

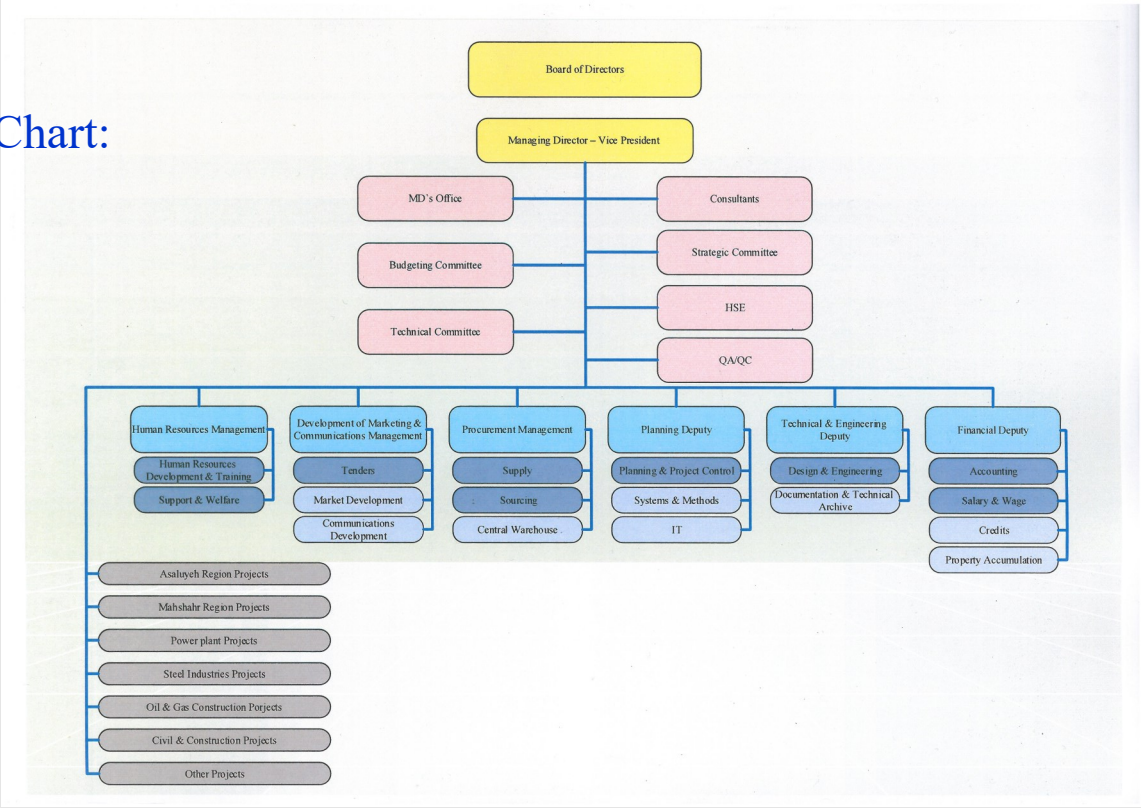

- Dr. H. Esmaili Moghaddam, Chairman
- Mr. A. Shabani, Managing Director
- Mr. M.A. Mousavi, Member of the board

Shareholders:

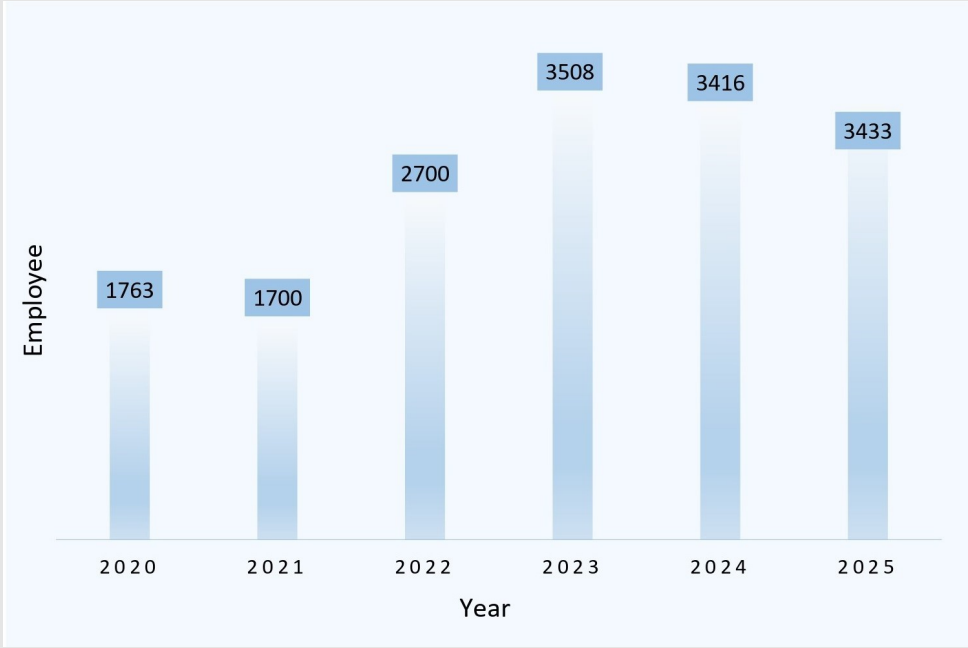

Pishgaman Fanandish Co. is a private company. The board members hold the majority of shares and the rest of shares belong to the company employees.

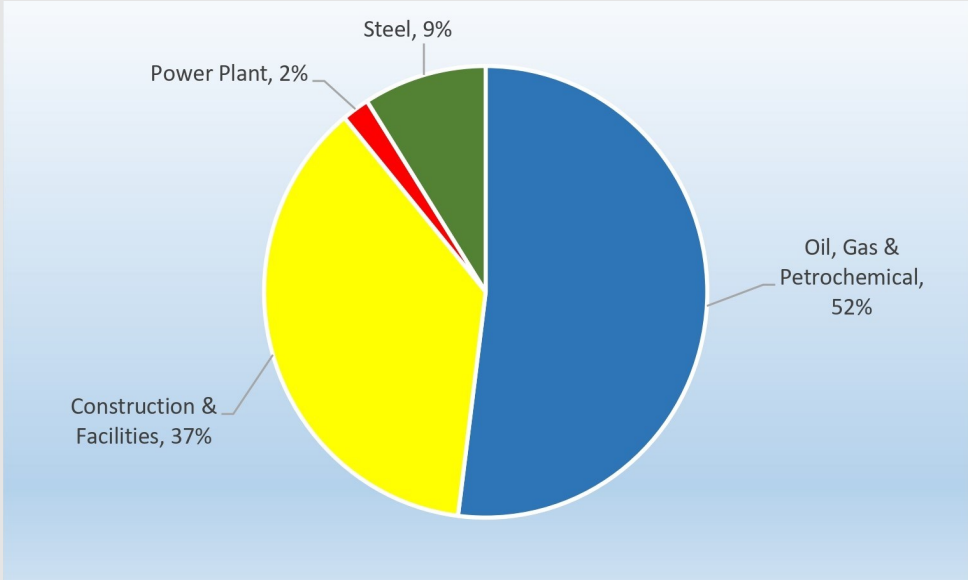

Organization Chart:

Areas of Expertise:

General data

International Certificates

Pishgaman Fanandish Co. is the holder of several international quality assurance certifications.

Certificate of contracting competence of the Municipality of the Deputy of Civil Engineering and the Deputy of Transportation and Traffic

Membership Association

Iran Project Management Association
Iranian Maintenance and Repair Association

Association of Oil, Gas and Petrochemical Companies (APEC) and Iranian syndicate of mechanical, electrical and industrial companies

Employers of Service & Technical Company Syndicate

Iranian Association for Ethics

Iranian Renewable Energy Association

Iranian Solar Energy Association

Approved Vendor of Solar Power Plants in Renewable Energy and Energy Efficiency Organization (SATBA AVL)

Approved Vendor of Tank and industrial Steel Structure in Ministry of Petroleum AVL

Attendance in Khuzestan Science and Technology Park

Chamber of Commerce

Iran Chamber of Commerce

Iran-Oman Chamber of Commerce

Iran-Iraq Chamber of Commerce

Iran Management & Plan Organization Certificates

CONTRACTOR QUALIFICATION CERTIFICATE

These certificates, issued by Plan and Budget Organization of Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has the necessary qualifications for projects in the following engineering fields and also determines the ranking of the company in accordance with each field. These ranking are rated in five levels which the highest level and the lowest level are illustrated by Grade #1 and Grade #5, respectively.

- **Buildings and Constructions fields** **Grade 1**
- **Installations and Equipment fields** **Grade 1**
- **Oil and Gas fields** **Grade 1**
- **Water field** **Grade 3**
- **Industry and Mining fields** **Grade 2**
- **Power field** **Grade 2**
- **Road and Transportation fields** **Grade 5**

THE OPERATION, MAINTENANCE AND REPAIR OF HYDROELECTRIC POWER PLANTS CERTIFICATE

This certificate, issued by Ministry of Energy of Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has necessary permissions and qualifications for operation maintenance and repair of hydroelectric power plants related to Grade #1 and also undertaking three simultaneous projects regarding to this certificate.

SERVICE COMPANIES ACCREDITATION CERTIFICATE

This certificate, issued by Ministry of Cooperatives, Labor, and Social Welfare of the Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has the accredited qualification in the following fields:

- Repair and Maintenance of office equipment
- Kitchen and Restaurant Affairs
- Public services and security
- Green space maintenance

TECHNICAL AND ENGINEERING LICENSE FROM MINISTRY OF INDUSTRY, MINE AND TRADE OF IRAN

This certificate, issued by Ministry of Industry, Mine & Trade of the Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has the accredited qualification in the following fields: Electricity, Electronics, Control and Automation, Machinery and Equipment for Oil, Gas and Petrochemical Industries.

SAFEY ACCREDITATION CERTIFICATE FOR CONSULTANTS

This certificate, issued by Ministry of Cooperatives, Labor, and Social Welfare of the Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has the accredited qualification in safety.

THE OPERATION AND MAINTENANCE OF POWER PLANTS CERTIFICATE

This certificate, issued by Ministry of Energy of Islamic Republic of Iran, confirms Pishgaman FanAndish Co. has required permissions and qualifications for operation and maintenance of Power Plants in the fields of gas

Pishgaman Fanandish Co. has successfully accomplished several EPC contracts in different industries. This is achieved by making use of skilled employees and experienced management teams.

Industry	EPC projects
Oil, Gas & Petrochemical	Malayer oil depot
	Construction of fuel oil heating infrastructure in Shahid Nourbakhsh oil depot in Mahshahr
	Construction of civil and piping in Rey oil depot
	Development of substation ethane recovery plant for propane compressors of Maroon Petrochemical co. Bana Gostar Karane 4 oil storage tanks (24,000 m3)
Power Plant	Loshan power plant fuel storage tank (30,000 m3)
	Bandar Abbas power plant mazut storage tanks (2*30,000 m3)
Solar Power Plant (Renewable Energy)	Construction of solar power plant for Regional Water Company of Lorestan
Steel	Design, installation and commissioning of cooling towers in Esfahan Steel co.
	Esfahan steel company mold repair workshop
	Design and construction of metal structure for sulfur transferring facilities of Rah-e Sahel Institute Khatam-al Anbiya
Construction &	Construction of Sabzeh Meydan of Zanjan
Agriculture	Construction of cattle feed transforming line from fruits and vegetables
Industrial	Phase 4 of the Pars industrial carbon black factory development plan - Doodeh Sanati Pars Company
	Construction of Choram hydrated lime producing plant with 30,000 ton/year capacity (IMPASCO)

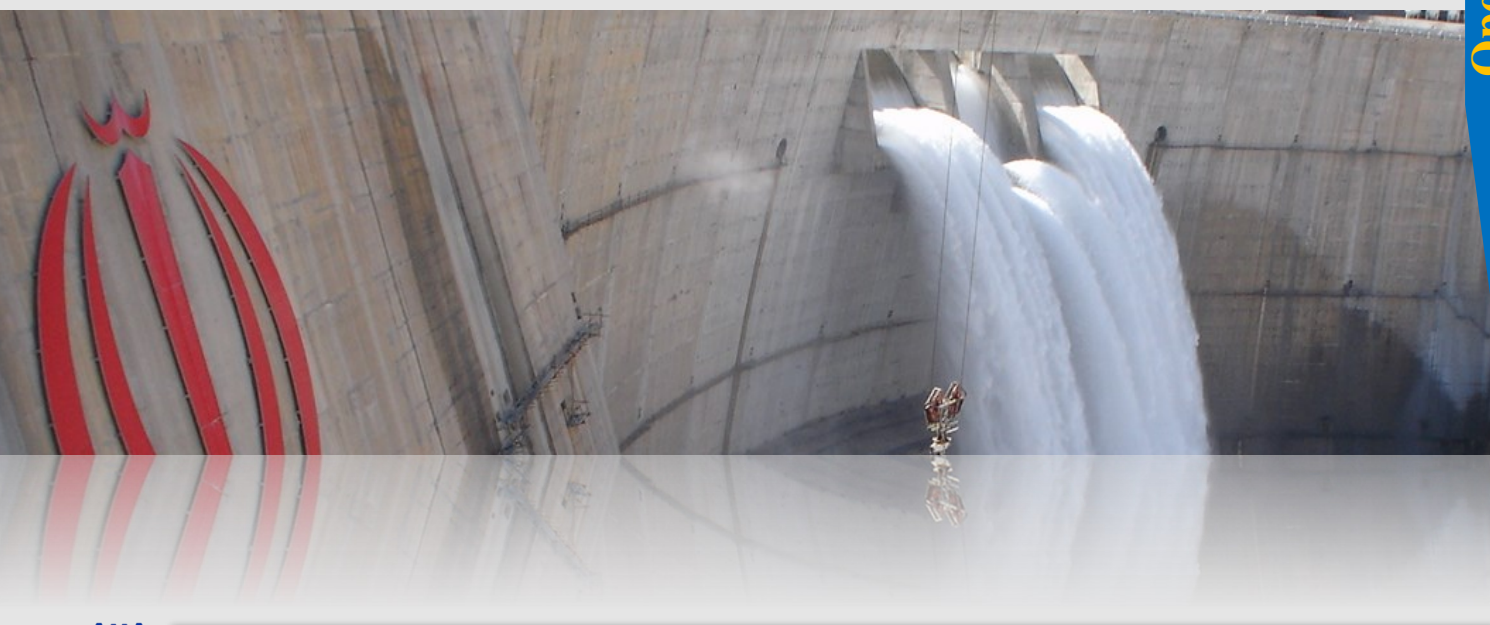

Pishgaman Fanandish Co. has reputable record in delivering projects in the field of construction, installation & commissioning of industrial plants and it has been known as a professional company in this field, thanks to the policy of the profound quality and on time delivery of the projects. These projects are related to Power Plant industries, Oil & Gas, Car manufacturing industries, Agriculture & Food industries and Steel plants:

Industry	Construction, Erection & Commissioning projects
Oil, Gas & Petrochemical	Construction of Birjand oil depot in NIOPDC
	Above ground piping of N.G.L unit in phase 22-24 refinery - South Pars Gas Complex
	Construction of oil depot Bandar Abbass - Banagostar Karaneh
	Construction, installation and commissioning of 2 ATK fuel tank of Kish airport
	Installation of 4 water tanks in Gachsaran (NISOC)
	Construction of piping in Faravaresh Petrochemical co.
	Installation of high risk devices in olefin unit of Faravaresh Petrochemical co.
	Execution of civil and facilities operation for raising the liquid feed capacity to olefin furnaces - Amirkabir Petrochemical co.
	Retube of radiation unit and replacement of the cyclone of olefin units' furnaces - Amirkabir Petrochemical co.
Power Plant	Procurement, construction and installation of two SLOPS tanks
	Gathering, construction and reinstallation of TK-901 tank
Steel	Marun hydro power plant
	Installation and operation of mechanical piping and civil works in Esfarayen Industrial Complex (CCM, WTP)
	Erection and commissioning of 30 cranes, double side trimming and slitting shears in Khozestan Oxin Steel co. Plant
	Procurement and execution for PCI project - Esfahan Steel co.
	Procurement, construction, installation and commissioning material transfer from sinter plant unit - Esfahan Steel co.
	Installation and commissioning of all sinter plant unit's equipment - Esfahan Steel co.
	Construction, erection and commissioning of equipment and sidelong facilities for feeding limestone fines of new limestone building - Esfahan Steel co.
Automotive	Construction of coke and chemical materials production unit and substation - Esfahan Steel co.
	Construction of production lines and ground and aerial conveyors in "Iran khodro, SAIPA and Pars khodro" factories
Agriculture	Procurement, construction, transportation and installation of transfer lines' equipment - ISEIKCO
	Construction of sand filters' tanks and installation of equipment - Dehkhoda Sugarcane Cultivation and Industry co.
	Installation and commissioning of production hall's equipment - Hakim Farabi Khuzestan Argo-industry co.
Transportation	Industrial slaughterhouse in Shahrekord, Eghlid, Ilam, Khorein and Yasouj
	Procurement, installation and commissioning of 20, 63 and 400 kilovolt substation in Bandar Imam Khomeini
Overseas	Material procurement and implementation of earthing installations and sewage piping for the floor of Anti-Cancer Hall (Iraq)
	Implementation of electrical and mechanical operations in the vaccine production building (Iraq)

Pishgaman Fanandish Co. has begun Operation, Maintenance & Repair projects since the establishment of company; however these fields of projects have been developing since 1999.

Industry	Operation, Maintenance & Repair projects
Oil, Gas & Petrochemical	Services for operation, production, maintenance and repair of south Azadegan oil field for Arvandan oil and gas co.
	Operation, maintenance and repair services of west Karun oil pumping station and auxiliaries for Arvandan Oil and Gas Company
	Maintenance and repair of power and instrumentation and HVAC for 1st and 2nd refineries - South Pars Gas Complex
	Maintenance and repair of rotary and fixed vehicles and coordination of repair services for 3rd and 4th refineries - South Pars Gas Complex
	Operation, maintenance and repair services of substations and distribution and transmission lines - South Pars Gas Complex Company
	Maintenance and repair of Ammonia urea unit and offsite in Razi petrochemical co.
	Maintenance and repair of all machineries and equipment - Faravaresh Petrochemical co.
	Maintenance and repair of operational units and operation of packaging and loading units - Arvand Petrochemical co.
	Maintenance and repair of all machineries and equipment - Bouali Sina Petrochemical co.
	Mechanical equipment in Tondguyan petrochemical co. in Khuzestan
	Operation, maintenance and repair of packaging and loading units - Kermanshah Petrochemical co.
	General and backing technical services - Khark Petrochemical co.
	Maintenance and repair services of entire site of Lordegan urea chemical fertilizer co.
	Maintenance and repair of the whole site - Ilam Petrochemical
	Maintenance and repair of Arghvan Gostar Ilam Petrochemical
	Coordination, maintenance and repair of machineries and vehicles in Khark oil region - Iranian Offshore Oil co. Esfahan refinery, maintenance and repair of equipment, firefighting and operation services
	Integrated operation and maintenance of fixed mechanical equipment, rotary vehicles, power, instrumentation and ... - Tehran Oil Refining co.
	Daily, emergency and major services for power, instrumentation and UPS - Tehran Oil Refining co.
	Support, maintenance and repair of HCAC, craft and transportation - Tehran Oil Refining co.
	Maintenance and repair and execution of technical and engineering support - Bandar Abbas oil refining co.
	Maintenance and repair services of entire unit and NGL pipeline of Hoveyzeh for Persian gulf petrochemical co.
	Technical services, repair and overhaul - Parsian gas refining co.

Industry	Operation, Maintenance & Repair projects
Steel	Esfahan Mobarakeh steel co. repair work for industrial and non-industrial buildings
	Repair of sinter plant's screens - Esfahan steel company
	Maintenance, operation and repair of the 30 cranes and 2 Pylers in Khuzestan Oxin steel co.
Power Plant	Power generation management of Karun 3 dam and power plant - Khuzestan, Izeh
	Operation of Karun 4 dam and power plant - Khuzestan, Izeh
	Operation, maintenance and repair of Siah Bishe pumped strong power plant
	Operation, maintenance and repair of Shahid Rajai power plant - Iran water and power resources development
	The Lar Dam, maintenance, repair and operational services
	Operation, maintenance and repair of Tarik power plant - Iran water and power resources development
	Operation, maintenance and repair of Lavarak power plant - Iran water and power resources development
	Operation, maintenance and repair of Kuhrang power plant - Regional water company of Esfahan
Construction & Facilities	Maintenance and repair of the central engine room in Iran power plant repairs co. (EM, PM)
	Operation, maintenance and repair of 50 MW power plant in Nowshahr
	Operation, maintenance and repair of the Tehran Milad tower
	Central Bank of the Islamic republic of Iran, operation, maintenance and repair of buildings and utilities.
	Maintenance and repair of electrical and mechanical facilities of buildings of Maskan bank
	Operation, maintenance and repair of mechanical, electrical and communication utilities and systems of RIPI (Research institute of petroleum of Iran)
	Maintenance of mechanical, electrical installations, protection of gas pipeline, network and telephone line operator of Iran university of science and technology
	Maintenance and repair of mechanical and electrical facilities of "Parsian Azadi Hotel"
	Maintenance and repairs of electrical and mechanical facilities of Iran Mall
	Maintenance and repair of the installation and buildings of Jihad engineering research institute
	Maintenance and repair of all building and civil works in national Iranian oil co.
	Maintenance and operation services of 33 drinking water reservoirs and related wells and water pumping stations of the Eastern Water Supply Department - Tehran water supply and water and wastewater Company
Automotive	Projects in SAIPA, Iran Khodro industrial group (in assembly shop – body shop and paint shop 1, 2, 3 - body shop 2,3,4,5 - press shop)
	Maintenance and repair of transfer lines' overhead cranes in body shop - Iran khodro
	Maintenance and repair of production and facilities lines' equipment - Pars khodro
Shipping & Port	Maintenance, repair and daily and emergency services of mechanical equipment, HVAC and water and sewage networks in Bandar Imam Khomeini
	Maintenance and repair of mechanical and electrical equipment of buildings and areas in Bushehr
	Maintenance, repair and services of high and low voltage electricity networks in Bandar Imam Khomeini

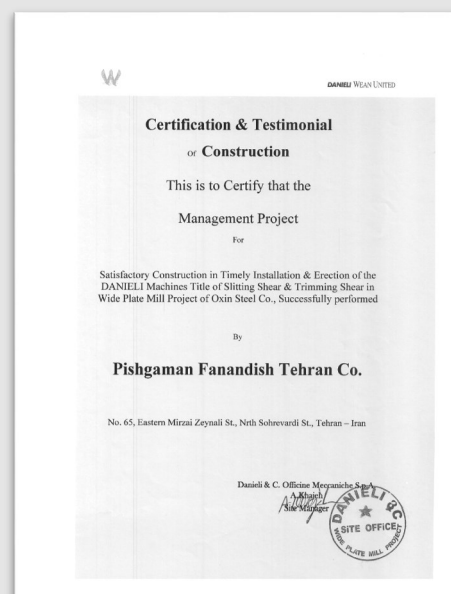

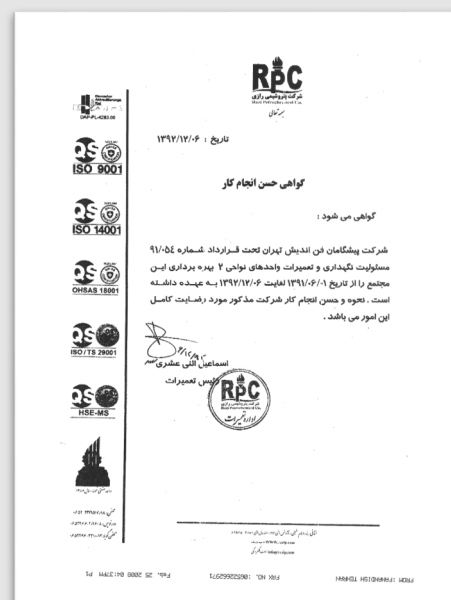

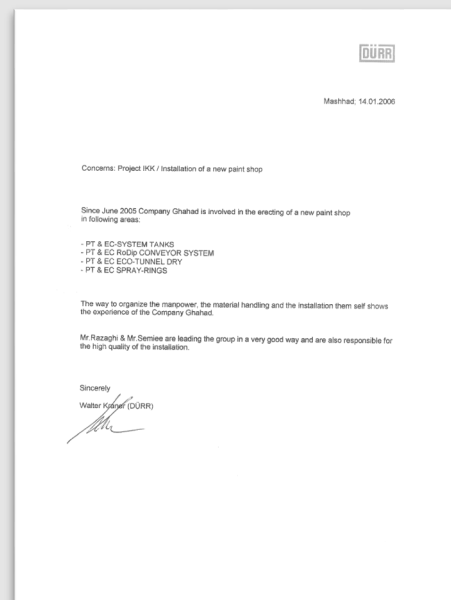

Pishgaman Fanandish Co. started civil projects with from the construction of Amir Kabir cattle feed plant for the sugar cane in 1999. This field has been expanded since by using modern technology & skilled engineers for construction of civil & building projects in different industrial plants.

Industry	Civil projects
Oil, Gas & Petrochemical	Construction of 4 shed and domestic buildings - Kourosh Petrochemical Industries Development co.
	Provision and execution of civil, architectural and landscaping works of EVA projects (remaining works) for Laleh Petrochemical co.
	Construction of the peripheral wall of the Persian Gulf Hoveyze Gas Refinery
Construction & Facilities	Construction of the 3 buildings of area courts in Tehran
	Construction of expansion project for Gilan Tobacco co.
	Managing contract of technical and executive structural operation (civil, mechanical and electrical) for Raaheaseman cancer center (MC)
	Construction of main laboratory building of Persian Gulf Biotechnology Park for Qeshm Free Zone Authority
	Construction of expansion project for PARTO (Turbine Blade production factory)
	Construction of 263 and 332 units residential complex in Keraman and Damavand - House Provision for Labors co.
	Construction of MDF production plant (in Khuzestan)
	Construction of Qom municipality central building
	Construction of Omidieh 400 KV substation
Steel	Construction of general buildings and preparation of hot rolling site 2 - Esfahan's Mobarakeh Steel co.
Automotive	Executive operation of civil, electrical and mechanical equipment - Pars Khodro co.
Agriculture	AmirKabir cattle feed plant in Khuzestan (sugar cane and by-products development co.) (MC)
Transportation	Construction of Railway station in Eghlid
	Construction of Watchtower and Technical block and administration building of Uromieh Airport
Water	Construction of pump station for water treatment system in Karaj
